

Bikes or Bust

To our partners in the community:

We are supporting Toys for Tots and The Salvation Army in their joint venture with Q103.1 and Summit Media in the need for bikes. These bikes will go to children from less fortunate families. Each year Toys for Tots and The Salvation Army always raise plenty of money for toys but it seems that bikes are always a big void.

Last year over 2,700 bikes were donated and this is in conjunction with DJ Dingo and Q103.1 spending 103.1 hours on a scissor lift in a marathon broadcast for Toys for Tots. This year he will do the same from November 16-19, 2018 at the Fern Valley UAW Local 862 Union Hall located at 3000 Fern Valley Road Louisville, KY 40213. As a special challenge between both LAP and KTP, Local 862 President Todd Dunn will also endure elements in a scissor lift as long as at least 10 bikes per hour are supplied.

We want to allow our community friends to participate as well. As good neighbors we would like you to join us to bring in some bikes! The Summit Media will broadcast this over the air until the end of the event. The results will be announced in December. The Fern Valley Hall is the main location for drop-offs, but you can also drop bikes off at the Chamberlain Hall as well located at 2702 Chamberlain Lane, Louisville, KY 40245.

We are asking our community friends to just get a bike or two...or 10! As good neighbors we wanted to include you in this support for those less fortunate. The drop times will be November 1-16 on weekdays from 7 a.m. to 5 p.m. Once Dingo goes up in the lift on the November 16, drop off times will be anytime for 103.1 straight hours!

Thank you for your consideration and I believe together we can not just provide great vehicles for our communities but we can make our community better by helping those in need.

In Solidarity,
Todd Dunn

UAW Local 862 President
