The holidays are upon us and several thousand auto workers will face a bleak 2019 as General Motors announced plans to shutter 5 factories. It appears the company is placing profits over the loyalty and livelihood of their employees. The UAW has protested this decision and will continue dialog with the corporation to find replacement product for those plants. As always, the UAW cares about its members.

UAW Region 8 has started a **” DAY OF ACTION”**-

We are encouraged to snap pictures of GM vehicles with a sign that says

“GM we invested in you, it is your turn to invest in US”

be creative. You can send your picture to UAW Region 8 web site and/ or post it on social media, tag GM.

On the bright side, Fiat-Chrysler is retooling a plant in Detroit to produce a Jeep model with plans of increasing employment there. Kudos to F-C.

Changes to your Retiree Council. Some officers are not seeking re-election
