

Veteran's Newsletter Region 8

June/July 2018

Have fun!

Be Safe!

Enjoy!

Summer Safety Tips

Beat the Heat

Anybody can be at risk for a heat-related illness. Follow these summer safety tips, like taking extra breaks and drinking lots of water.

Bug Safety

Mosquitoes can cause a number of illnesses, including Zika Virus and West Nile Virus. Learn what you can do to protect yourself at work and play.

Playgrounds

Emergency departments see more than 20,000 children ages 14 and younger for playground-related traumatic brain injury each year.

Fireworks

Summer is synonymous with barbecues, parades, fireworks displays – and plenty of visits to emergency rooms, especially during July.

Water Safety

Not including boating incidents, on average about nine people die from drowning every day. The younger the child, the greater the risk.

Bicycling

Bicyclists must take extra precautions when they ride. They often share the road with vehicles, but injuries can happen even on a bike path.

Skateboarding

Everyone falls, but there's a right way to do it. In 2015, 125,145 people were treated in hospital emergency rooms after being injured skateboarding.

Boating

Most boating experiences are positive. But joyful times quickly can turn deadly if boaters are not vigilant about safety – at all times.

Pedestrian Safety

Cell phone distracted walking is a huge problem, and rarely are we more vulnerable than when walking, crossing streets and negotiating traffic.

RIDERS FOR HEROS Sponsored by Local 862, Louisville Kentucky
