

Region 8 Merger

The UAW International Executive Board (IEB) voted on December 5 to merge the states represented by UAW Region 5 between UAW Regions 4 and 8. With the announcement of the coming merger we would like to take the opportunity to assure members from both regions a smooth transition. This merger will not impact or interrupt membership services or regional operations for any local unions. We welcome, with open arms, the members, leadership and clerical of Region 5.

On behalf of the UAW Region 8 Leadership, Staff, and Clerical, welcome Region 5!
