

UAW Eastern Carolinas Retired International Area Council “Community Service”

For the 6th year Waccamaw Elementary School in Conway, South Carolina was the recipient of school supplies that were collected by the Eastern Carolina Retired IAC’s at their meetings. The receiving of the supplies has been welcomed by the staff and students. The children have always showed their gratification by sending letters and pictures of thanks.

This is a labor of love that these retirees extend each year. In the photo LR, Vice Chairperson Chuck Rhome and Chairperson Ken Senter present the supplies.
