

Election Day 2020

Tuesday, November 3, 2020 is Election Day. This is a negotiated, paid holiday. Having this day off allows us an opportunity to cast our ballots and actively work in our communities to make a difference on Election Day 2020 and it is important now more than ever to cast your vote up and down the ballot.

As our UAW President Rory Gamble said:

“The focus of the upcoming November General Election is zeroed in on who will become our next President, of course. But there are so many other essential decisions that need to be made in this election. Decisions that will affect our work, and our financial and personal lives at the local, regional and state level.”

To do this, not only do we need to understand the candidates in our states and districts and know where they stand on the issues that impact us, we need to continue to work hard every day until November 3rd by going out into our communities and talking to our co-workers, so they understand what is truly at stake in these elections.

We also need to encourage everyone and their family members to vote and not just for the top of the ticket!

Please contact your Local Union Representatives or Regional CAP Coordinator for information on activities in your area that you can participate in on and leading up to Election Day and don't forget to checkout: <https://uawendorsements.org/> to get a list of the UAW endorsed candidates in your area and **Get Out and Vote!**

If you are unsure if you are registered or have more questions about voting in your state or polling locations, please visit: <https://iwillvote.com/> where you can be easily and quickly directed for questions regarding to voting!
