

# EVs ARE COMING...

## DO YOU WANT THEM TO BE UAW MADE?

*The **Stabenow/Kildee EV** tax credit for  
union-made electric vehicles is a win for UAW members:*

**Gives consumers  
an extra \$4,500 tax  
credit** for buying a  
union-made electric  
vehicle made in  
the U.S.

**Ends all EV tax  
credits for  
foreign-made  
vehicles** after five  
years

**Encourages U.S.  
auto manufacturers  
to bring back jobs  
sent to Mexico and  
overseas, and to  
let nonunion auto  
workers organize  
with the UAW**

**Making our voice heard now is how we  
show our strength to Washington.**

**TO LEARN MORE** about what's in the **Build Back Better Act**,  
including all of the investments that will support UAW jobs,  
follow  **UAW.Union**
