

KY/TN Civil and Human Rights Meeting

On Saturday October 12, 2019 there was a Civil and Human Rights meeting held at the Region 8 office in Lebanon Tennessee. We had two speakers speak at our meeting. The first speaker was from the US Census Bureau Terrance O. Flucker, he talked about the importance of being counted in the 2020 Census for the purposes of federal dollars and about how the number of people that are counted determine Congressional Representatives assigned to Tennessee. Elder H. Paco Harvard, President of the Maury County NAACP spoke about voter suppression tactics. We also had an Election for the KY/TN Civil and Human Rights Executive Board.
