Strike Day 4

Today is ratification day! Local 2083 members of ZF will vote on the contract today. A big thank you to supporting local members of other unions to man the picket line while we go to the ratification meeting.

We Stand in Solidarity!

Strike Day 5

After the contract was overwhelmingly voted down the members return to the picket line. These are night shift picketing members out to protect their job in wind gusts up to 35 mile an hour throughout the night. Solidarity forever
